

SUNDAY, THE FIFTEENTH OF MAY, TWO THOUSAND AND ELEVEN
TEN O'CLOCK IN THE MORNING ~ WALLACE WADE STADIUM

DUKE UNIVERSITY COMMENCEMENT ~ 2011

ONE HUNDRED FIFTY-NINTH COMMENCEMENT

Notes on Academic Dress

Academic dress had its origin in the Middle Ages. When the European universities were taking form in the thirteenth and fourteenth centuries, scholars were also clerics, and they adopted robes similar to those of their monastic orders. Caps were a necessity in drafty buildings, and capes or capes with hoods attached were needed for warmth. As the control of universities gradually passed from the church, academic costume began to take on brighter hues and to employ varied patterns in cut and color of gown and type of headdress.

The use of academic costume in the United States has been continuous since Colonial times, but a clear protocol did not emerge until an intercollegiate commission in 1893 recommended a uniform code. In this country, the design of a gown varies with the degree held. The bachelor's gown is relatively simple with long pointed sleeves as its distinguishing mark. The gown for the master's degree has an oblong sleeve with the rear part cut square and the front part with a cutaway arc. The most elaborate academic costume is the doctoral gown with velvet panels down the front and three bars of the same material across the sleeves. The velvet is usually black, but it may be a color designating the field of study to which the degree pertains. The gown itself, usually black like those of the lower degrees, may be of a color distinctive of a particular university.

The hood bears a still larger symbolic burden: the width of its velvet trimming designates the level of the degree; the color heralds the major field of study; and the lining identifies the institution that granted the degree. Duke University is symbolized by a lining of Duke blue with a white chevron.

The cap, originally round, is usually a square mortarboard and is the same for all degrees. The standard tassel for the cap is black, but the cap worn with the doctoral robe may have a gold tassel. The Duke doctoral gown is in the authentic Duke blue. The Duke University shield, embroidered in blue on white, is applied to each front panel. With this gown there may be worn a black velvet, four-pointed, soft tam with a square top and a gold metallic bullion tassel.

Significance of Colors

Colors indicating fields of study and colors identifying some of the universities represented by members of the faculties of the University are:

Arts, Letters, Humanities: white
Business Administration: drab
Dentistry: lavender
Divinity, Theology: scarlet
Economics: copper
Education: light blue
Engineering: orange
Fine Arts: brown
Forestry: russet
Law: purple
Medicine: green
Music: pink
Nursing: apricot
Philosophy: dark blue
Physical Therapy: teal
Science: golden yellow

Mace and Chain of Office

Again at commencement, ceremonial use is made of two important insignia given to Duke University in memory of Benjamin N. Duke. Both the mace and chain of office are the gifts of anonymous donors and of the Mary Duke Biddle Foundation. They were designed and executed by Professor Kurt J. Matzdorf of New Paltz, New York, and were dedicated and first used at the inaugural ceremonies of President Sanford in 1970.

The Mace, the symbol of authority of the University, is made of sterling silver throughout. It is thirty-seven inches long and weighs about eight pounds. At the lower end of the hammered shaft is a gilt (gold-plated) pine cone. The upper end of the shaft displays the inscription *Universitas Dukiana 1838*. This inscription is surmounted by a short, hammered neck followed by the head which has eight flutings alternating with eight gilt ribs. Above the head of the mace, a band carries the motto of Duke University: *Eruditio et Religio*. The upper end of the mace is a crown of gilt laurel leaves which carries the seal of Duke University surrounded by the three symbols of the Trinity to indicate that Duke University emerged from Trinity College.

The Chain of Office of the President of Duke University is four feet long and is also made of sterling silver throughout. The main part consists of nine silver pine cones alternating with ten gilt clusters of three laurel leaves each. In the front hangs the gilt medallion with the official seal of Duke University surrounded by a laurel wreath into which are set the three symbols of the Trinity. In the back is the gilt coat of arms of the Duke family with the motto *In Adversis Idem* set in a sterling wreath of laurel leaves and bearing the inscription *Duke*.

COMMENCEMENT PROGRAM

Presiding

Richard H. Brodhead, President of the University

*When the Wind Symphony sounds the fanfare for the entrance of the faculty,
the audience and candidates will rise and remain standing through the prayer.*

Processional March

FLOURISH FOR WIND BAND *Ralph Vaughan Williams (1872-1958)*

Candidates for Degrees

Members of the Faculty

Members of the University Administration

Members of the Board of Trustees

Members of the Platform Party

National Anthem

Anthony Vito Alberti, Erin Anne Cloninger, Hannah Elizabeth Hunt,

Kiah Dawson Pape, Anna Haldeman Ruddle

Candidates for the degree of Bachelor of Arts

Hilary Lynn Cole, Lydia Kathryn Greene

Candidates for the degree of Bachelor of Science

Joav Birjiniuk, Brian Richmond Solomon

Candidates for the degree of Bachelor of Science in Engineering

Invocation

Samuel Wells, Dean of the Chapel

Welcoming Remarks

Remarks by a Student

Michael Weston Lefevre

Candidate for the Degree of Bachelor of Arts

Conferring of Honorary Degrees

Introduction

Conferring of Earned Degrees

Introduction and Presentations

Peter Lange and Deans

Concluding Remarks

Alma Mater

Student Ensemble

The audience stands for the Alma Mater and remains standing until the platform party and the faculty leave the Stadium.

Dear Old Duke, thy name we sing.
To thee our voices raise, we'll raise,
To thee our anthems ring
in everlasting praise.
—R. H. James '24

And though on life's broad sea
Our fates may far us bear,
We'll ever turn to thee
Our Alma Mater dear.

Procession Out

CROWN IMPERIAL *William Walton (1902-1983)*

“... In Beauty Bearing the Crown Imperial...”

HONORARY DEGREE RECIPIENT

PHOTO BY FRED VIEBahn

Rita Dove

DOCTOR OF LITERATURE

Faculty Sponsor – Melissa Malouf

Trustee Sponsor – J. Lawrence McCleskey

Rita Dove served as Poet Laureate of the United States and Consultant to the Library of Congress from 1993 until 1995.

She is Commonwealth Professor of English at the University of Virginia.

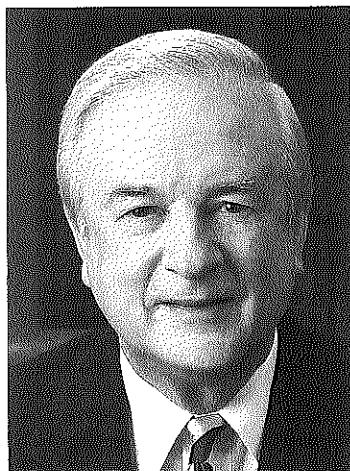

Her most famous work is *Thomas and Beulah*, published in 1986, a narrative sequence of poems loosely based on the lives of her maternal grandparents, for which she received the Pulitzer Prize in 1987. Her other poetry collections include *Mother Love* (1995), *On the Bus With Rosa Parks* (1999), and *American Smooth* (2004). Her most recent work, *Sonata Mulattica*, was published in 2009; it is a fictionalized verse narrative of the life of biracial virtuoso violinist George Bridgetower, a contemporary of Beethoven.

She is also the author of short stories, essays, a novel, and the play *The Darker Face of the Earth*, which premiered at the Oregon Shakespeare Festival and was subsequently produced at the Kennedy Center in Washington, the Royal National Theatre in London, and other theaters. Her *Seven for Luck*, a song cycle for soprano and orchestra with music by John Williams, was premiered by the Boston Symphony Orchestra at Tanglewood in 1998.

Professor Dove has received numerous literary and academic honors, among them the 1996 Heinz Award in the Arts and Humanities, the 1996 National Humanities Medal, the 2001 Duke Ellington Lifetime Achievement Award, and the 2009 Fulbright Lifetime Achievement Medal. She is a chancellor of the Academy of American Poets and a member of the American Academy of Arts and Sciences and the American Academy of Arts and Letters.

A graduate of Miami University of Ohio, Professor Dove received her master of fine arts degree from the University of Iowa. She also held a Fulbright scholarship at the Universität Tübingen in Germany.

HONORARY DEGREE RECIPIENT

James B. Hunt, Jr.

DOCTOR OF LAWS

Faculty Sponsor – Kenneth Dodge

Trustee Sponsor – Daniel T. Blue, Jr.

The Honorable James B. Hunt Jr. was a four-term governor of North Carolina, serving from 1977 until 1985 and then from

1993 until 2001. During his time in office, the state consistently ranked at the top of the nation in economic growth, job creation, and capital investment. He was instrumental in transforming the state's economy from traditional industries to knowledge-driven industries, including biotechnology, pharmaceuticals, and information technology. Among other initiatives, he established the North Carolina Biotechnology Center, the Microelectronics Center of North Carolina, and the North Carolina School of Science and Mathematics.

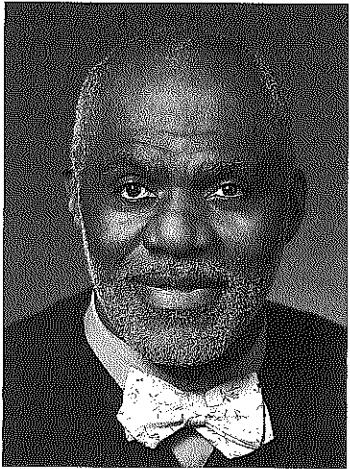

Governor Hunt has been one of the nation's best-known advocates for public education for decades. His early-childhood education program, Smart Start, has been a model for the nation and has received the prestigious Innovations in American Government Award from the Ford Foundation and the John F. Kennedy School of Government at

Harvard University. Over the years, his leadership in education has been recognized by, among other organizations, the Education Commission of the States, the National Mentoring Partnership, the Children's Defense Fund, Columbia University Teachers College, the American Academy of Pediatrics, the National Education Association, and the American Association for Educational Research.

Currently, Governor Hunt is a member of the law firm of Womble Carlyle Sandridge & Rice. He chairs the boards of directors of two institutes that he founded: the Hunt Institute for Educational Leadership and Policy at the University of North Carolina at Chapel Hill, and the Institute for Emerging Issues at N.C. State University.

Governor Hunt earned his bachelor's and master's degrees from North Carolina State University and his law degree from the University of North Carolina.

HONORARY DEGREE RECIPIENT

Alan C. Page

DOCTOR OF HUMANE LETTERS

Faculty Sponsor – Martha Putallaz

Trustee Sponsor – Clarence G. Newsome

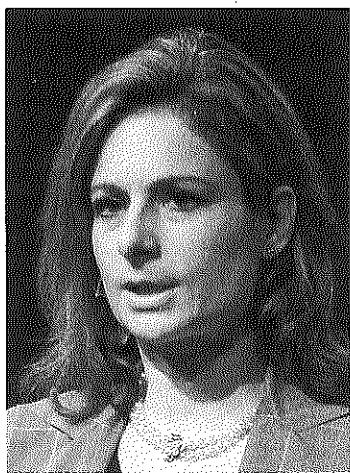

Alan Page first distinguished himself as an All-American football player at the University of Notre Dame, where

he led the program to a national championship in 1966. He went on to play professional football for the Minnesota Vikings, where he was famed for his intelligence, quickness, and lightning-fast reflexes. In fifteen years playing for the Vikings and the Chicago Bears, he played in 238 straight games, including four Super Bowls, and was a leader in the NFL Players Association. While playing for the Vikings, Alan Page earned his law degree from the University of Minnesota. He was elected an associate justice of the Minnesota Supreme Court in 1992 and was the first African American to serve on that court. He was re-elected in 1998, becoming the biggest vote-getter in Minnesota history, and was re-elected in subsequent years.

In 1988, Justice Page and his wife, Diane, founded the Page Education Foundation, which provides financial and mentoring assistance to minority college students. In exchange, students commit themselves to volunteer service in the community. Since it was established, the foundation has awarded grants to more than 4,000 students, who in turn have given more than 300,000 hours of their own time in working with children.

The recipient of an honorary degree from Notre Dame and other universities and colleges, Justice Page has received the Equal Justice Award from the Council on Crime and Justice, the National Football Foundation and College Hall of Fame Distinguished American Award, and the U.S. Sports Academy Theodore Roosevelt Meritorious Service Award. He has been inducted into the International Scholar-Athlete Hall of Fame, the Academic All-American Hall of Fame, and the College Football Hall of Fame. He was also the first defensive player in NFL history to receive the Most Valuable Player Award.

HONORARY DEGREE RECIPIENT

Lisa Randall

DOCTOR OF SCIENCE

Faculty Sponsor – Haiyan Gao

Trustee Sponsor – Nancy A. Nasher

One of the most-cited theoretical physicists in the world, Lisa Randall is the Frank B. Baird Jr. Professor of Science at Harvard

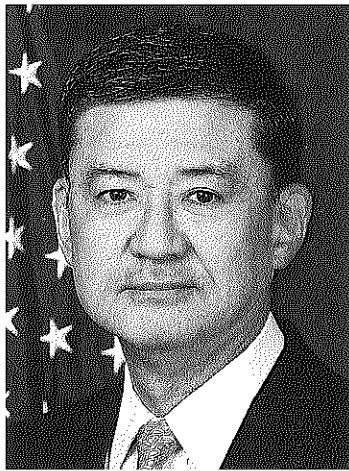

Among Professor Randall's numerous awards and honors are membership in the National Academy of Sciences, the American Philosophical Society, and the American Academy of Arts and Sciences. She is a past recipient of an Alfred P. Sloan Foundation Research Fellowship, a National Science Foundation Young Investigator Award, a Department of Energy Outstanding Junior Investigator Award, and the Westinghouse Science Talent Search. She was included in *Time* magazine's "100 Most Influential People" in 2007, and was among *Esquire's* "75 Most Influential People" in 2008.

University. Her research in particle physics and cosmology connects theoretical insights to puzzles in our current understanding of the properties and interactions of matter. She has developed and studied a wide variety of models to address these questions, the most prominent involving extra dimensions of space; her research forms the basis of her book *Warped Passages: Unraveling the Mysteries of the Universe's Hidden Dimensions* (2005).

Professor Randall's work has helped improve scientific understanding of the standard model of particle physics, supersymmetry, cosmological inflation, and dark matter. Her current research focuses in large part on the Large Hadron Collider and methods of modeling and searching out dark matter.

Professor Randall, who earned her undergraduate degree and her doctorate from Harvard University, held professorships at the Massachusetts Institute of Technology and Princeton University before returning to Harvard in 2001.

HONORARY DEGREE RECIPIENT

Eric K. Shinseki

DOCTOR OF HUMANE LETTERS

Faculty Sponsor – Scott Silliman

Trustee Sponsor – Jack O. Bovender, Jr.

Retired U.S. Army General Eric Shinseki was sworn in as the seventh Secretary of Veterans Affairs in January 2009.

When he was nominated by President Obama to serve in that position, he said: "I can think of no higher responsibility than ensuring that the men and women who have served our nation in uniform are treated with the care and respect that they have earned."

From 1999 until 2003, Secretary Shinseki served as chief of staff for the U.S. Army. During his tenure, he initiated the Army Transformation Campaign, meant to address emerging strategic challenges and the need for cultural and technological change in the Army. Following the September 11, 2001, terrorist attacks, he led the Army during Operation Enduring Freedom and Operation Iraqi Freedom.

Before becoming the Army's chief of staff, Secretary Shinseki served as vice chief of staff. He also served simultaneously as commanding general for NATO land forces in Central Europe and as commander of the NATO-led stabilization force in Bosnia-Herzegovina. He was wounded in combat during both of his tours in the Vietnam War.

Among other honors and distinctions, Secretary Shinseki has been awarded the Defense Distinguished Service Medal, the Distinguished Service Medal, three Bronze Stars, and two Purple Hearts. He is the first Asian-American four-star general in U.S. history.

Secretary Shinseki graduated from the U.S. Military Academy in 1965 and earned a master's in English literature from Duke in 1976. He returned to campus in the fall of 2009 to dedicate the Duke War Memorial.

HONORARY DEGREE RECIPIENT

Tan Chorh Chuan

DOCTOR OF SCIENCE

Faculty Sponsor – Victor Dzau

Trustee Sponsor – Susan M. Stalnecker

Professor Tan Chorh Chuan was appointed president of the National University of Singapore (NUS) in December 2008.

Taking a global approach to teaching and research, with a focus on Asian perspectives and expertise, NUS has more than 36,000 students from 100 countries.

A renal physician, Professor Tan was dean of the NUS Faculty of Medicine, now the Yong Loo Lin School of Medicine, from 1997 to 2000. The medical school was recently ranked first in Asia and 18th in the world. From 2000 to 2004, Professor Tan held the position of Director of Medical Services in the Ministry of Health, in which capacity he led Singapore's public-health response when the worldwide SARS epidemic struck Singapore in 2003. He was instrumental in creating Singapore's first academic medical center, the National University Health System, which brought the hospital and the medical and dental schools under a common governance structure, and he served as its founding chief executive. He

also served as provost and senior deputy president at NUS before being named president in 2008.

Professor Tan played a central role in setting up the Duke-NUS Graduate Medical School, an institution that represents a major international partnership for Duke, and currently serves as senior advisor to the governing board of the school. The inaugural class enrolled in 2007 and will graduate this July.

Professor Tan serves as Deputy Chairman of Singapore's Agency for Science, Technology and Research (A*STAR) and has been a key leader in Singapore's Biomedical Science Initiative since its inception in 2000, for which he was awarded the National Science and Technology Medal. He also received the Public Service Star in 2003 for outstanding contributions to overcoming SARS in Singapore, and the Public Administration Gold Medal in 2004.

Professor Tan obtained his medical training at NUS and his research training at the Institute of Molecular Medicine at Oxford.

HONORARY DEGREE RECIPIENT

John T. Chambers

DOCTOR OF SCIENCE

Faculty Sponsor – Blair H. Sheppard

Trustee Sponsor – G. Richard Wagoner, Jr.

John Chambers joined Cisco in 1991 as senior vice president for worldwide sales and operations.

He became chief executive officer in 1995, and in 2006 he was named chairman of the board in addition to his CEO role. In the most recent fiscal year, Cisco—whose networking technology provides the platform that allows users to collaborate across devices, operating systems, wired and wireless networks, and business applications—reached \$40 billion in revenue and had nearly 73,000 employees.

Earlier, Mr. Chambers worked for eight years with Wang Laboratories and for six years with IBM.

Mr. Chambers has received numerous awards for his leadership, including being named the "Best Boss in America" by 20/20, one of *Time* magazine's "100 Most Influential People," one of *Barron's* "World's Best CEOs," and one of *BusinessWeek's* "Top 25 Executives Worldwide." During his tenure as CEO, Cisco has been named

numerous times to *Fortune's* "America's Most Admired Company" list, *BusinessWeek's* "Top 50 Performers," and *Forbes'* "Leading Companies in the World." In addition, Mr. Chambers has been widely recognized for his and Cisco's philanthropic leadership, including receiving the U.S. State Department's top corporate and social-responsibility award. Former President Bill Clinton presented him with the first-ever Global Citizen Award. He served on President Clinton's Trade Policy Committee and was vice chair of President George W. Bush's National Infrastructure Advisory Council.

Mr. Chambers matriculated for a year at Duke's engineering school, now the Pratt School of Engineering, where he has endowed a fellowship program that supports graduate students in the Fitzpatrick Institute for Photonics. He holds a bachelor's degree in business and a law degree from West Virginia University and earned a master of business administration degree from Indiana University.

The Traditions of Commencement

Duke University traces its origin to 1838 when Brown's Schoolhouse, a one-room log subscription school, expanded to Union Institute upon the uniting of Methodist and Quaker families. Commencement exercises date from 1852 when action of the North Carolina General Assembly authorized the institution to grant degrees. Throughout the years commencement exercises have varied in scope, sometimes offering as much as a week of celebration to the graduates, their families and citizens of rural Randolph County, North Carolina, the site of the predecessor institutions to Duke University. Notable ceremonies in the nineteenth century included those of 1859 when President Braxton Craven presented diplomas reflecting a name change to Trinity College, of 1877 when the first earned M.A. degrees were awarded, and of 1878 when three sisters, Mary, Persis, and Theresa Giles earned degrees, becoming the first women graduates of the College.

The leadership of President John F. Crowell, the donation of land by Julian S. Carr, and the financial assistance of Washington Duke made possible the relocation of Trinity College to Durham in 1892. Within a decade, Trinity College established a reputation for excellence. Commencement ceremonies became more formal under the direction of a College Marshal. Caps and gowns appeared, and after 1902, students received Latin honors in recognition of academic achievement. With appropriate ceremony, the college paid homage to Washington Duke, who had died in 1905, with the unveiling of his statue at the commencement of 1908.

From 1910 to 1924, President William Preston Few presided over the development of a particularly strong liberal arts college, and from 1924 until his death in 1940, he directed the successful transition to a complex research university. In December 1924, long-range planning and a lifetime of family philanthropy culminated in the public announcement of a grand design to aid higher education, hospitals, orphanages, and the Methodist Church in North and South Carolina. Acknowledging the unique opportunity for a new identity presented

by acceptance of the terms of the indenture of the Duke Endowment, the Board of Trustees of Trinity College enthusiastically agreed to organize a new institution around Trinity College. The enlarged institution was to be known as Duke University in honor of Washington Duke, benefactor and father of Mary, James Buchanan, and Benjamin Newton, all friends of the college in their own way.

Based upon the solid foundation of Trinity College, the University grew spectacularly. The curriculum expanded and succeeding commencement programs noted new degrees: B.D. and M.Ed. in 1927, Ph.D. in 1928, and LL.B. in 1929. M.D. joined the list in 1932, and B.S. in Engineering in 1933, B.S. in Nursing in 1936, and Master of Forestry in 1939. In 1972 the degree of Master of Business Administration, the last curriculum recommended by James B. Duke, joined the list of degrees awarded by Duke University.

The location of the commencement exercises themselves reflects the changing nature of the University. First held in Craven Memorial Auditorium on East Campus, they were moved to West Campus in 1931 and held successively in Page Auditorium and in the outdoor and indoor stadiums. Special ceremonies at commencement have included the laying of the cornerstone of the Gothic campus in 1928, the first use of the Chapel and the inaugural carillon and organ recitals in 1932, and the unveiling of the statue of James B. Duke in 1935. The exigencies of World War II required the awarding of degrees during the year in special ceremonies in a variety of locations.

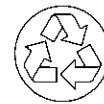

President Terry Sanford pursued new ways to continue a single university-wide convocation of undergraduate, graduate and professional school students which would still maintain traditional exercises. In a unique format, baccalaureate services are offered three times, and the commencement exercises have now returned to an outdoor setting, first to Wallace Wade Stadium in 1974, to the East Campus quadrangle in 1980, and in 1984 back to the 5 stadium.

The Duke University Wind Symphony

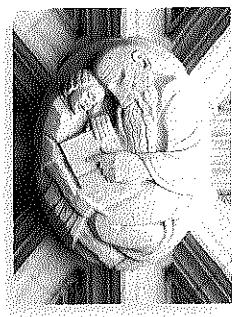

The Duke University Wind Symphony, directed by Verena Möesenbichler-Bryant, is an ensemble of sixty undergraduate and graduate students from across the United States and around the world, and is open to all Duke students by audition. The ensemble has commissioned over twenty works, many of them entering the standard repertoire of wind bands throughout the world. The "Commencement Edition" of this weekend's Wind Symphony is augmented by alumni and friends, including representatives from the 1950's to the present.

The announcer for today's Commencement ceremony is our own "Voice of Duke" Bob Harris.
