

SUNDAY, THE TWELFTH OF MAY, TWO THOUSAND AND THIRTEEN
TEN O'CLOCK IN THE MORNING ~ WALLACE WADE STADIUM

DUKE UNIVERSITY COMMENCEMENT ~ 2013

ONE HUNDRED SIXTY-FIRST COMMENCEMENT

Notes on Academic Dress

Academic dress had its origin in the Middle Ages. When the European universities were taking form in the thirteenth and fourteenth centuries, scholars were also clerics, and they adopted robes similar to those of their monastic orders. Caps were a necessity in drafty buildings, and capes or capes with hoods attached were needed for warmth. As the control of universities gradually passed from the church, academic costume began to take on brighter hues and to employ varied patterns in cut and color of gown and type of headdress.

The use of academic costume in the United States has been continuous since Colonial times, but a clear protocol did not emerge until an intercollegiate commission in 1893 recommended a uniform code. In this country, the design of a gown varies with the degree held. The bachelor's gown is relatively simple with long pointed sleeves as its distinguishing mark. The gown for the master's degree has an oblong sleeve with the rear part cut square and the front part with a cutaway arc. The most elaborate academic costume is the doctoral gown with velvet panels down the front and three bars of the same material across the sleeves. The velvet is usually black, but it may be a color designating the field of study to which the degree pertains. The gown itself, usually black like those of the lower degrees, may be of a color distinctive of a particular university.

The hood bears a still larger symbolic burden: the width of its velvet trimming designates the level of the degree; the color heralds the major field of study; and the lining identifies the institution that granted the degree. Duke University is symbolized by a lining of Duke blue with a white chevron.

The cap, originally round, is usually a square mortarboard and is the same for all degrees. The standard tassel for the cap is black, but the cap worn with the doctoral robe may have a gold tassel. The Duke doctoral gown is in the authentic Duke blue. The Duke University shield, embroidered in blue on white, is applied to each front panel. With this gown there may be worn a black velvet, four-pointed, soft tam with a square top and a gold metallic bullion tassel.

Significance of Colors

Colors indicating fields of study and colors identifying some of the universities represented by members of the faculties of the University are:

Arts, Letters, Humanities: white
Business Administration: drab
Dentistry: lavender
Divinity, Theology: scarlet
Economics: copper
Education: light blue
Engineering: orange
Fine Arts: brown
Forestry: russet
Law: purple
Medicine: green
Music: pink
Nursing: apricot
Philosophy: dark blue
Physical Therapy: teal
Public Health: salmon
Science: golden yellow

Mace and Chain of Office

Again at commencement, ceremonial use is made of two important insignia given to Duke University in memory of Benjamin N. Duke. Both the mace and chain of office are the gifts of anonymous donors and of the Mary Duke Biddle Foundation. They were designed and executed by Professor Kurt J. Matzdorf of New Paltz, New York, and were dedicated and first used at the inaugural ceremonies of President Sanford in 1970.

The Mace, the symbol of authority of the University, is made of sterling silver throughout. It is thirty-seven inches long and weighs about eight pounds. At the lower end of the hammered shaft is a gilt (gold-plated) pine cone. The upper end of the shaft displays the inscription *Universitas Dukiana 1838*. This inscription is surmounted by a short, hammered neck followed by the head which has eight flutings alternating with eight gilt ribs. Above the head of the mace, a band carries the motto of Duke University: *Eruditio et Religio*. The upper end of the mace is a crown of gilt laurel leaves which carries the seal of Duke University surrounded by the three symbols of the Trinity to indicate that Duke University emerged from Trinity College.

The Chain of Office of the President of Duke University is four feet long and is also made of sterling silver throughout. The main part consists of nine silver pine cones alternating with ten gilt clusters of three laurel leaves each. In the front hangs the gilt medallion with the official seal of Duke University surrounded by a laurel wreath into which are set the three symbols of the Trinity. In the back is the gilt coat of arms of the Duke family with the motto *In Adversis Idem* set in a sterling wreath of laurel leaves and bearing the inscription *Duke*.

COMMENCEMENT PROGRAM

Presiding

Richard H. Brodhead, President of the University

*When the Wind Symphony sounds the fanfare for the entrance of the faculty,
the audience and candidates will rise and remain standing through the prayer.*

Processional March

Candidate for the Degree of Bachelor of Science

Mohamed Abdelbagi Ismail

Candidate for the Degree of Bachelor of Science in Engineering

*The audience stands for the Alma Mater and remains standing
until the platform party and the faculty leave the Stadium.*

Dear Old Duke, thy name we sing.
To thee our voices raise, we'll raise,
To thee our anthems ring
in everlasting praise.

—R. H. James '24

And though on life's broad sea
Our fates may far us bear,
We'll ever turn to thee
Our Alma Mater dear.

Procession Out

CROWN IMPERIAL *William Walton (1902-1983)*

“... In Beauty Bearing the Crown Imperial...”

HONORARY DEGREE RECIPIENT

Marguerite Barankitse

DOCTOR OF HUMANE LETTERS

Faculty Sponsor – L. Gregory Jones

Trustee Sponsor – Robert R. Penn

On October 21, 1993, Burundi's Hutu president was assassinated, unleashing inter-ethnic massacres across the country.

On October 24, Marguerite "Maggy" Barankitse was working as a secretary for the Catholic bishop in eastern Burundi when a Tutsi mob stormed the bishop's residence and killed seventy-two people, mostly Hutus. At considerable risk to herself, she saved twenty-five children and set out to provide a safe haven for them. Within a few months, amid continued interethnic violence, Maggy was providing refuge for sixty Hutu and Tutsi children.

Maggy's early efforts to care for these orphaned children grew into a non-governmental organization and a multi-functional service agency with 500 staff. Known as Maison Shalom, or "House of Peace," it provides health care, rehabilitation, education, and counseling services. Maison Shalom has helped more than 20,000 young people and families. In partnership with UNICEF, the

organization has provided emergency health care and counseling for victims of rape and other violence, reaching into areas that are difficult for other agencies to access. Her work emphasizes the interrelations of education, health, microfinance, community and faith.

The fact that Ms. Barankitse protects children without regard for their ethnic origin has won her many international honors, including the Human Rights Prize from the French government, the World's Children's Prize for the Rights of the Child, and the 2005 Nansen Refugee Award, presented by the United Nations High Commissioner for Refugees. In 2008, she was awarded the Opus Prize, a humanitarian award for faith-based entrepreneurship. In an interview, she has said, "I have always loved the John Lennon song 'Imagine.' I wanted, from as long ago as I remember, to fix injustice and to make the world a better place."

HONORARY DEGREE RECIPIENT

Max Dale Cooper

DOCTOR OF SCIENCE

Faculty Sponsor – Barton F. Haynes

Trustee Sponsor – Thomas M. Gorrie

Max Cooper is one of the most distinguished figures in modern immunology. His landmark discoveries have provided

a framework for understanding how white blood cells normally combat infection and how their development may go awry to produce leukemia, lymphomas, and autoimmune diseases. One of his earliest discoveries — that the two distinct types of white blood cells, now known as T and B lymphocytes, play separate but complementary roles in defending against infections—established one of the most important organizing principles of the immune system.

Dr. Cooper is an Eminent Scholar at the Georgia Research Alliance and a professor of pathology and laboratory medicine at the Emory University School of Medicine. He has been chair of the Scientific Advisory Board for the Center for HIV/AIDS Vaccine Immunology (CHAVI) since its founding by NIH in 2005. In that role, he has collaborated with many Duke faculty members in related research efforts.

Before joining Emory in 2008, Dr. Cooper spent forty years at the University of Alabama School of Medicine, where he was professor of medicine, pathology, microbiology, and pediatrics. He received his medical degree and completed his residency at Tulane University.

Dr. Cooper's honors include the Robert Koch Prize, the American Association of Immunologists Lifetime Achievement Award, and the Distinguished Research in the Biomedical Sciences Award from the American Association of Medical Colleges. He is a member of the National Academy of Sciences and the Institute of Medicine.

HONORARY DEGREE RECIPIENT

David Sean Ferriero

DOCTOR OF HUMANE LETTERS

Faculty Sponsor – Deborah Jakubs

Trustee Sponsor – Paula Phillips Burger

David S. Ferriero became the tenth archivist of the United States in 2009. He is the first librarian to serve as the nation's archivist and to lead the National Archives and Records Administration (NARA). The nation's record keeper, the National Archives preserves government records and precious historical documents and makes this documentary heritage publicly available. Its mission statement reads: "We support democracy, promote civic education, and facilitate historical understanding of our national experience."

Beginning with a part-time college job shelving books, Mr. Ferriero spent the first thirty years of his career at the Massachusetts Institute of Technology Library. From 1996 to 2004, Mr. Ferriero was Duke's university librarian and vice provost for library affairs. In that role, he helped raise more than \$50 million to expand and renovate the campus library, developed initiatives for instructional technology, and worked to increase public access to libraries and museums throughout North Carolina.

As the Andrew W. Mellon Director of New York Public Libraries from 2004 to 2009, he helped lead the integration of four research libraries and eighty-seven branch libraries, creating the largest public library system in the United States.

Mr. Ferriero earned bachelor's and master's degrees in English literature from Northeastern University, and an additional master's degree from the Simmons Graduate School of Library and Information Science.

HONORARY DEGREE RECIPIENT

Henry Louis Gates, Jr.

DOCTOR OF HUMANE LETTERS

Faculty Sponsor – Karla FC Holloway

Trustee Sponsor – Michael Marsicano

Henry Louis Gates Jr. is the Alphonse Fletcher University Professor and director of the W.E.B. Du Bois Institute for African and

A distinguished scholar who connects with the broader public, Professor Gates has written for *TIME*, *The New York Times*, and *The New Yorker*. He has produced acclaimed documentaries for PBS, including *Faces of America* and *Finding Your Roots*, and was named one of *TIME*'s twenty-five most influential Americans in 1997.

African American Research at Harvard University. A distinguished literary critic and scholar of African-American literature, history and culture, he was a member of the Duke English department faculty from 1989 to 1991; before that, he taught at Yale University and Cornell University.

Professor Gates has written numerous books, among them *The Signifying Monkey: A Theory of Afro-American Literary Criticism*; *Tradition and the Black Atlantic*; and *Life Upon These Shores*. He edited the *Norton Anthology of African-American Literature*, which defined a new literary canon. In 2002, Professor Gates discovered a manuscript from the 1850s, *The Bondwoman's Narrative, By Hannah Crafts, A Fugitive Recently Escaped From North Carolina*. He published this work — the first novel by a black American woman.

Professor Gates' many honors include a MacArthur Foundation fellowship, election to the American Academy of Arts and Letters and the American Academy of Arts and Sciences, and the National Humanities Medal. A graduate of Yale, Professor Gates earned an M.A. and a Ph.D. in English literature from Clare College of the University of Cambridge.

HONORARY DEGREE RECIPIENT

William Hunt Gross

DOCTOR OF LAWS

Faculty Sponsor – William F. Boulding

Trustee Sponsor – G. Richard Wagoner, Jr.

William H. Gross is a founder, managing director, and co-CIO of Pacific Investment Management Co. (PIMCO), which

he cofounded in 1971. The company is now one of the world's largest investment firms, with more than \$1.5 trillion in assets under management. He is also the manager of the world's largest mutual fund, the PIMCO Total Return Fund.

Called "the nation's most prominent bond investor" by *The New York Times*, Mr. Gross is a regular consultant to the U.S. Treasury and the Federal Reserve. He is a frequent contributor to TV, radio, and various publications and has written two popular books on investing: *Bill Gross on Investing* and *Everything You've Heard About Investing Is Wrong*. For more than twenty years, he has written the widely followed monthly column "Investment Outlook."

As an Angier B. Duke Scholar, Mr. Gross earned a bachelor's degree from Duke in 1966, with a major in psychology. His path toward finance began with a near-death experience: A car accident in his senior year in college left him badly injured, and during a long recuperation in Duke Hospital, he read a book on winning at blackjack. Once well, he hopped a freight train to Las Vegas and turned \$200 into \$10,000, which he used to pay for his M.B.A. in finance from the University of California at Los Angeles.

Mr. Gross and his wife, Sue Gross, have made significant charitable gifts to hospitals, Doctors Without Borders, and the Smithsonian's National Postal Museum. Their gifts to Duke University have endowed undergraduate and medical school scholarships and supported business school faculty.

HONORARY DEGREE RECIPIENT

Judith A. Jamison

DOCTOR OF ARTS

Faculty Sponsor – Barbara Dickinson

Trustee Sponsor – Kenneth W. Hubbard

Judith Jamison was artistic director of the New York-based Alvin Ailey American Dance Theater for twenty-one years; she

was named artistic director emerita in 2011. She created many noted works for the company, which was founded in 1958 to bring African-American cultural expression and the American modern dance tradition to the world. In addition, she brought financial stability to the company, enhanced its educational outreach, and increased its national and international profile.

Ms. Jamison joined the Alvin Ailey American Dance Theater in 1965 and quickly became a principal dancer. One of her colleagues said, "When Judy was onstage, no one else was onstage." She was featured in *Revelations*, one of the company's signature pieces, for 15 years. "It set a tone for what is human in all of us, no matter where you

come from," Jamison says of *Revelations*. "We've done that piece all over the world, and everyone understands exactly what it's about — it's humanity, it's triumph, and what it is to be human."

Ms. Jamison danced with Ailey for history-making tours across Africa in the 1960s and to the Soviet Union in 1970 (the first modern American dance company to tour there). As artistic director, she continued this work as a cultural ambassador, taking the company to China in 1985 and to South Africa in 1997.

Ms. Jamison has earned a number of awards, including the Kennedy Center Honors in 1999 and a National Medal of Arts in 2001, and was honored by Michelle Obama at the first White House Dance Series event. She remains active in promoting the arts and the Ailey legacy.

HONORARY DEGREE RECIPIENT

Melinda Gates

DOCTOR OF HUMANE LETTERS

Faculty Sponsor – Michael H. Merson

Trustee Sponsor – Paul E. Farmer

Melinda Gates is co-founder and co-chair of the Bill & Melinda Gates Foundation. Along with her husband Bill Gates, she

sets the strategic direction of the foundation and reviews its results. The foundation focuses on improving global health, eliminating global poverty, and expanding educational opportunities and access to information technology in the United States. With a \$36.4 billion endowment, it is the largest transparently operated private foundation in the world, supporting projects in all fifty U.S. states and more than 100 countries.

Growing up in Texas, Ms. Gates was encouraged to value education and embrace community service. She earned a bachelor's degree from Duke in 1986, with majors in computer science and economics, followed by an M.B.A. from Duke's Fuqua School of Business in 1987.

Ms. Gates joined the rapidly growing computer technology corporation Microsoft in 1987 as a marketing manager. She helped to develop many of Microsoft's multimedia products and was named general manager of Information Products, supervising 300 employees. In 1996, she left Microsoft to focus on the nonprofit sector.

Ms. Gates served as a Duke trustee from 1996 to 2004. Her gifts to Duke University have resulted in the creation of the French Family Science Center, the University Scholars Program, and, with The Duke Endowment, the DukeEngage program, which gives Duke undergraduates the opportunity to apply their classroom learning in service to society in the U.S. and around the world.

The Traditions of Commencement

Duke University traces its origin to 1838 when Brown's Schoolhouse, a one-room log subscription school, expanded to Union Institute upon the uniting of Methodist and Quaker families. Commencement exercises date from 1852 when action of the North Carolina General Assembly authorized the institution to grant degrees. Throughout the years commencement exercises have varied in scope, sometimes offering as much as a week of celebration to the graduates, their families and citizens of rural Randolph County, North Carolina, the site of the predecessor institutions to Duke University. Notable ceremonies in the nineteenth century included those of 1859 when President Braxton Craven presented diplomas reflecting a name change to Trinity College, of 1877 when the first earned M.A. degrees were awarded, and of 1878 when three sisters, Mary, Persis, and Theresa Giles earned degrees, becoming the first women graduates of the College.

The leadership of President John F. Crowell, the donation of land by Julian S. Carr, and the financial assistance of Washington Duke made possible the relocation of Trinity College to Durham in 1892. Within a decade, Trinity College established a reputation for excellence. Commencement ceremonies became more formal under the direction of a College Marshal. Caps and gowns appeared, and after 1902, students received Latin honors in recognition of academic achievement. With appropriate ceremony, the college paid homage to Washington Duke, who had died in 1905, with the unveiling of his statue at the commencement of 1908.

From 1910 to 1924, President William Preston Few presided over the development of a particularly strong liberal arts college, and from 1924 until his death in 1940, he directed the successful transition to a complex research university. In December 1924, long-range planning and a lifetime of family philanthropy culminated in the public announcement of a grand design to aid higher education, hospitals, orphanages, and the Methodist Church in North and South Carolina. Acknowledging the unique opportunity for a new identity presented

by acceptance of the terms of the indenture of the Duke Endowment, the Board of Trustees of Trinity College enthusiastically agreed to organize a new institution around Trinity College. The enlarged institution was to be known as Duke University in honor of Washington Duke, benefactor and father of Mary, James Buchanan, and Benjamin Newton, all friends of the college in their own way.

Based upon the solid foundation of Trinity College, the University grew spectacularly. The curriculum expanded and succeeding commencement programs noted new degrees: B.D. and M.Ed. in 1927, Ph.D. in 1928, and LL.B. in 1929. M.D. joined the list in 1932, and B.S. in Engineering in 1933, B.S. in Nursing in 1936, and Master of Forestry in 1939. In 1972 the degree of Master of Business Administration, the last curriculum recommended by James B. Duke, joined the list of degrees awarded by Duke University.

The location of the commencement exercises themselves reflects the changing nature of the University. First held in Craven Memorial Auditorium on East Campus, they were moved to West Campus in 1931 and held successively in Page Auditorium and in the outdoor and indoor stadiums. Special ceremonies at commencement have included the laying of the cornerstone of the Gothic campus in 1928, the first use of the Chapel and the inaugural carillon and organ recitals in 1932, and the unveiling of the statue of James B. Duke in 1935. The exigencies of World War II required the awarding of degrees during the year in special ceremonies in a variety of locations.

President Terry Sanford pursued new ways to continue a single university-wide convocation of undergraduate, graduate and professional school students which would still maintain traditional exercises. In a unique format, baccalaureate services are offered three times, and the commencement exercises have now returned to an outdoor setting, first to Wallace Wade Stadium in 1974, to the East Campus quadrangle in 1980, and in 1984 back to the Stadium.

The Duke University Wind Symphony

The Duke University Wind Symphony, directed by Verena Mösenbichler-Bryant, is an ensemble of sixty undergraduate and graduate students from across the United States and around the world, and is open to all Duke students by audition. The ensemble has commissioned over twenty works, many of them entering the standard repertoire of wind bands throughout the world. The "Commencement Edition" of this weekend's Wind Symphony is augmented by alumni and friends, including representatives from the 1950's to the present.

The announcer for today's Commencement ceremony is our own "Voice of Duke" Bob Harris.

Duke's stone carvings have provided a source of conjecture, amusement and even inspiration to the students, staff and visitors who have passed through this Gothic Wonderland. Photos of carvings are featured on the cover and throughout this program.

On the cover: Stone boss depicting Age teaching Youth from the Crowell Tower arcade.
