One Hundred Seventieth Commencement

Sunday, the Eighth of May, Two Thousand and Twenty-Two

DUKE UNIVERSITY COMMENCEMENT

One Hundred Seventieth Commencement

SUNDAY, MAY 8, 2022

9:00 A.M.

WALLACE WADE STADIUM

DUKE UNIVERSITY

DURHAM, NORTH CAROLINA

TABLE OF CONTENTS

2 Commencement Program

4 Commencement Speaker

5 Honorary Degree Recipients

9 Student Speaker

10 Candidates for Degrees

10 Graduate School

Doctor of Philosophy

Master of Arts

Master of Arts in Teaching

Master of Fine Arts

Master of Science

21 School of Medicine

Doctor of Medicine

Doctor of Physical Therapy

Master of Biostatistics

Master of Health Sciences, Physician Assistant Program

Master of Health Sciences, Pathologists' Assistant Program

Master of Health Sciences in Clinical Research

Master of Management in Clinical Informatics

Master of Science in Biomedical Sciences

24 School of Law

Doctor of Juridical Science

Juris Doctor

Master of Laws

Master of Laws, International and Comparative Law

Master of Laws, Law and Entrepreneurship

26 Divinity School

Doctor of Ministry

Doctor of Theology

Master of Arts in Christian Practice

Master of Divinity

Master of Theological Studies

Master of Theology

46 Honors and Distinctions

53 Special Prizes and Awards

56 Scholarships and Fellowships

57 Military Service

57 Members of the Faculty Retiring

58 Marshals

59 Departmental Events

60 The Traditions of Commencement

61 Commencement Timeline

28 School of Nursing

Doctor of Nursing Practice

Master of Science in Nursing

Bachelor of Science in Nursing

30 Fuqua School of Business

Master of Business Administration

Master of Management Studies

Master of Science in Quantitative Management

*Master of Science in Quantitative Management:
Health Analytics*

35 Nicholas School of the Environment

*International Master of Environmental Policy**

Master of Environmental Management

Master of Forestry

36 Sanford School of Public Policy

Master of International Development Policy

Master of Public Policy

37 Pratt School of Engineering

Master of Engineering

Master of Engineering Management

Bachelor of Science in Engineering

40 Trinity College of Arts and Sciences

Bachelor of Arts

Bachelor of Science

45 Duke/ Duke Kunshan University:

Dual Degree Program

Bachelor of Arts

Bachelor of Science

* Joint degree with Sanford School of Public Policy

COMMENCEMENT PROGRAM

Presiding

Vincent E. Price, President of the University

When the Duke Wind Symphony sounds the fanfare for the entrance of the faculty, the audience and candidates will rise and remain standing through the invocation.

Processional March

Candidates for Degrees

followed by

Members of the Faculty

Members of University Administration

Members of the Board of Trustees

Members of the Platform Party

Presentation of the Colors

Members of the United States Air Force Honor Guard

National Anthem

Jiayin (Matthew) Bao, Charlie Bonetti, Daph Dotson, Charlotte Fontham, Katie Lutz, Horacio Rios

Candidates for the Degree of Bachelor of Arts

Emily Mawyer, Derya Oktay, Natalie Rincon, Paul Sabharwal

Candidates for the Degree of Bachelor of Science

Yi Chen

Candidate for the Degree of Bachelor of Science in Engineering

Invocation

Luke A. Powery, Dean of Duke Chapel

Welcoming Remarks

Remarks by a Student

Priya Parkash

Candidate for the Degree of Bachelor of Science

Conferring of Honorary Degrees

Introduction

Laurene M. Sperling, Chair of the Board of Trustees

Commencement Address

Mary T. Barra, Chair and CEO, General Motors

Conferring of Earned Degrees

Introduction and Presentations

Sally Kornbluth, Provost

Deans of Schools

Concluding Remarks

Alma Mater

Vocalists: listed under National Anthem

The audience stands for the Alma Mater

Dear Old Duke, thy name we'll sing.

To thee our voices raise, we'll raise,

To thee our anthems ring

in everlasting praise.

And though on life's broad sea

Our fates may far us bear,

We'll ever turn to thee

Our Alma Mater dear.

— R. H. James '24

Closing Processional

The audience remains standing until the platform party and the faculty leave the football field.

The Duke University Wind Symphony

The Duke University Wind Symphony, Verena Mösenbichler-Bryant, Director and Conductor, is an ensemble of sixty students and community members from across the United States and around the world, and is open to all Duke students by audition. The ensemble has commissioned over twenty works, many of them entering the standard repertoire of wind bands throughout the world. The "Commencement Edition" of this weekend's Wind Symphony is augmented by alumni and friends, including representatives from the 1950s to the present.

COMMENCEMENT SPEAKER

Mary T. Barra

CHAIR AND CEO, GENERAL MOTORS

Mary Barra is Chair and Chief Executive Officer of General Motors. She was elected Chair of the GM Board of Directors in 2016 and has served as CEO of GM since 2014.

Under Barra's leadership, GM envisions a world with zero crashes, to save lives; zero emissions, so future generations can inherit a healthier planet; and zero congestion, so customers get back a precious commodity—time.

She is focused on improving the customer experience and strengthening GM's core vehicle and services business, while also working to lead the transformation of personal mobility through advanced technologies like connectivity, electrification and autonomous driving.

Prior to becoming CEO, Barra oversaw Product Development, Purchasing and Supply Chain and was responsible for the design, engineering and quality of GM vehicle launches worldwide. She also served in senior leadership roles in Human Resources and Manufacturing Engineering and as plant manager of the Detroit Hamtramck Assembly.

Barra began her career with GM in 1980 as a General Motors Institute (Kettering University) co-op student at the Pontiac Motor Division. She graduated with a Bachelor of Science degree in electrical engineering in 1985, followed by a Master of Business Administration from the Stanford Graduate School of Business in 1990.

A double Duke parent, Barra is a member of the Duke University Board of Trustees and received an Honorary Doctor of Science in 2018. She is the first woman to chair the Business Roundtable, an association of chief executive officers of America's leading companies, and she serves on the boards of directors of the Walt Disney Company and the Detroit Economic Club.

HONORARY DOCTOR OF SCIENCE

Sylvia E. Acevedo

FORMER CEO, GIRLS SCOUTS OF AMERICA

Faculty Sponsor: Claudia Gunsch, Professor of Civil and Environmental Engineering

Nonprofit leader and rocket scientist Sylvia Acevedo currently serves on the board of Qualcomm, a global leader in software, semiconductors and wireless technology. Prior to her arrival at Qualcomm, Acevedo served as CEO of Girl Scouts of the USA. Acevedo began her career as a rocket scientist at NASA and worked on two space missions, Solar Probe and Voyager 2.

In her career, Acevedo held executive positions at Apple, Dell and IBM. In 2010, she was appointed by President Barack Obama to chair the White House Initiative for Educational Excellence for Hispanics in Early Childhood. The same year, the Government of Mexico awarded Acevedo its highest civil rights award, the Ohtli, for her role in increasing the involvement of Hispanic and underserved families in education throughout the United States.

At Girl Scouts of the USA, Acevedo worked to close the gender gap in technology by introducing girls to STEM experiences in grades K-12 in rural, urban and suburban communities. Under her leadership, 146 new badges were created. As a result, more than 1.5 million girls now have relevant skills in cybersecurity, automotive engineering, entrepreneurship, coding, robotics and leadership.

Acevedo holds a bachelor's degree with honors in industrial engineering from New Mexico State University. She also holds a graduate degree in engineering from Stanford University — one of the first Hispanic graduates to do so. Acevedo is a recipient of The Institute of Industrial Engineering and Systems Engineering Captain of Industry Leadership Award.

HONORARY DOCTOR OF HUMANE LETTERS

Akinwumi A. Adesina

PRESIDENT, AFRICAN DEVELOPMENT BANK

Faculty Sponsor: Sandy Darity, Samuel DuBois Cook Professor of Public Policy

Development economist Akinwumi A. Adesina is a globally renowned development economist and agricultural development expert with more than 30 years of international experience. He is the 8th elected president of the African Development Bank Group — Africa’s premier financial institution.

A strategy Adesina launched called the High 5s has impacted the lives of 335 million Africans by focusing on improvements in energy access, industrialization, food security and other areas. He serves globally as one of the commissioners for the Global Climate Commission, co-chaired by Bill Gates and former UN Secretary-General Ban Ki-moon, to tackle global climate change, and as one of 23 global leaders on a UN effort to help end hunger and malnutrition. He is the recipient of the 2017 World Food Prize. Under his leadership, the African Development Bank Group was named the Best Multilateral Financial Institution in the world in 2021.

Adesina holds a bachelor’s degree in agricultural economics from the University of Ife (now Obafemi Awolowo University) in Nigeria and a master’s degree and Ph.D. in agricultural economics from Purdue University.

HONORARY DOCTOR OF SCIENCE

Patrick O. Brown

FOUNDER AND CHIEF VISIONARY OFFICER, IMPOSSIBLE FOODS

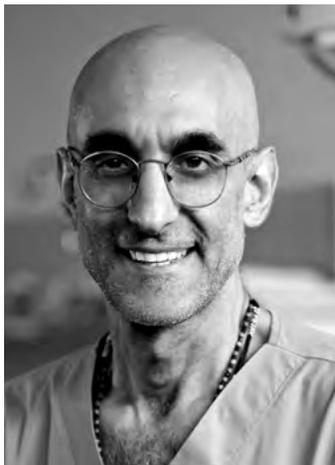

Faculty Sponsor: Lawrence David, Associate Professor of
Molecular Genetics and Microbiology

Patrick Brown is founder and Chief Visionary Officer of Impossible Foods, which makes meat and dairy products from plants. While on his sabbatical from Stanford University, Brown had the idea to use his training and experience in biochemistry to create nutritious food that would be better for the environment and could feed a growing global population.

Prior to founding Impossible Foods, Brown was a professor of biochemistry at Stanford University School of Medicine, where he and his colleagues developed DNA microarrays — a new technology that made it possible to monitor the activity of all the genes in a genome. He also pioneered the use of gene expression patterns to classify cancers and improve prediction of their clinical course.

Brown received his bachelor's degree, medical degree and Ph.D. in biochemistry at the University of Chicago. He is a member of the National Academy of Sciences and the Institute of Medicine and a recipient of the American Cancer Society Medal of Honor.

HONORARY DOCTOR OF SCIENCE

Thomas G. Catena

MEDICAL DIRECTOR AND SURGEON, MOTHER OF MERCY HOSPITAL

Faculty Sponsor: David Toole, Associate Professor of the Practice of Theology, Ethics, and Global Health

Tom Catena is the medical director and sole surgeon at Mother of Mercy Hospital in the Nuba Mountains of central Sudan — the only referral and surgical hospital in an area with a population over a million people.

When civil war broke out in 2011 and the hospital was bombed, Catena refused to leave, contending that doing so would be like saying his life is more important than the lives of his patients, which he did not accept.

Catena earned his undergraduate degree from Brown University, where he was a nose guard on the football team, and his medical degree from the Duke University School of Medicine in 1992.

He is a recipient of the Duke University Medical Alumni Distinguished Alumni Award and has been named as one of TIME magazine's 100 most influential people. Catena gave the inaugural Catena Lecture at Duke Divinity School in 2019.

STUDENT SPEAKER

Priya Parkash

CANDIDATE FOR THE DEGREE OF BACHELOR OF SCIENCE

Priya Parkash, a senior from Pakistan, graduates today with a B.S. in Statistical Science and Economics, along with a minor in Religious Studies. Parkash was involved in research throughout her four years at Duke, including projects focused on Duke history, the Cold War, and female reproductive health. A summer studying green energy policy at the Ecologic Institute in Germany prompted her to complete an honors thesis about the relationship between changing polarity of public opinion and EU carbon permit pricing.

Parkash is passionate about empowering women and people of color in STEM and helped to establish a retention fellowship for the sciences and engineering. An outspoken advocate for international students, she promoted cultural responsiveness as President of Pakistani Students Association, strove to increase transparency around visa-specific employment procedures as a Duke Student Government Senator, and fostered intercultural understanding in partnership with the U.S. State Department's Bureau of Educational and Cultural Affairs.

After graduation, Parkash will pursue a career in management consulting and graduate studies in energy policy and international relations.

CANDIDATES FOR DEGREES

GRADUATE SCHOOL

DOCTOR OF PHILOSOPHY *Presented by Dean Paula D. McClain*

September 1, 2021

Aman Aberra

‡ Multi-Scale Modeling for Analysis and Design of Transcranial Electric and Magnetic Brain Stimulation

THE TRADITIONS OF COMMENCEMENT

Notes on Academic Dress

Academic dress had its origin in the Middle Ages. When the European universities were taking form in the thirteenth and fourteenth centuries, scholars were also clerics, and they adopted robes similar to those of their monastic orders. Caps were a necessity in drafty buildings, and copes or capes with hoods attached were needed for warmth. As the control of universities gradually passed from the church, academic costume began to take on brighter hues and to employ varied patterns in cut and color of gown and type of headdress.

The use of academic costume in the United States has been continuous since Colonial times, but a clear protocol did not emerge until an intercollegiate commission in 1893 recommended a uniform code. In this country, the design of a gown varies with the degree held. The bachelor's gown is relatively simple with long pointed sleeves as its distinguishing mark. The gown for the master's degree has an oblong sleeve with the rear part cut square and the front part with a cutaway arc. The most elaborate academic costume is the doctoral gown with velvet panels down the front and three bars of the same material across the sleeves. The velvet is usually black, but it may be a color designating the field of study to which the degree pertains. The gown itself, usually black like those of the lower degrees, may be of a color distinctive of a particular university.

The hood bears a still larger symbolic burden: the width of its velvet trimming designates the level of the degree; the color heralds the major field of study; and the lining identifies the institution that granted the degree. Duke University is symbolized by a lining of Duke blue with a white chevron.

The cap, originally round, is usually a square mortarboard and is the same for all degrees. The standard tassel for the cap is black, but the cap worn with the doctoral robe may have a gold tassel. The Duke doctoral gown is in the authentic Duke blue. The Duke University shield, embroidered in blue on white, is applied to each front panel. With this gown there may be worn a black velvet, four-pointed, soft tam with a square top and a gold metallic bullion tassel.

Mace and Chain of Office

At commencement, ceremonial use is made of two important insignia given to Duke University in memory of Benjamin N. Duke. Both the mace and chain of office are the gifts of anonymous donors and of the Mary Duke Biddle Foundation. They were designed and executed by Professor Kurt J. Matzdorf of New Paltz, New York, and were dedicated and first used at the inaugural ceremonies of President Sanford in 1970.

The Mace, the symbol of authority of the University, is made of sterling silver throughout. It is thirty-seven inches long and weighs about eight pounds. At the lower end of the hammered shaft is a gilt (gold-plated) pine cone. The upper end of the shaft displays the inscription *Universitas Dukiana* 1838. This inscription is surmounted by a short, hammered neck followed by the head which has eight flutings alternating with eight gilt ribs. Above the head of the mace, a band carries the motto of Duke University: *Eruditio et Religio*. The upper end of the mace is a crown of gilt laurel leaves which carries the seal of Duke University surrounded by the three symbols of the Trinity to indicate that Duke University emerged from Trinity College.

The Chain of Office of the President of Duke University is four feet long and is also made of sterling silver throughout. The main part consists of nine silver pine cones alternating with ten gilt clusters of three laurel leaves each. In the front hangs the gilt medallion with the official seal of Duke University surrounded by a laurel wreath into which are set the three symbols of the Trinity. In the back is the gilt coat of arms of the Duke family with the motto *In Adversis Idem* set in a sterling wreath of laurel leaves and bearing the inscription *Duke*.

Significance of Colors

Colors indicating fields of study and colors identifying some of the universities represented by members of the faculties of the University are:

Arts, Letters, Humanities

WHITE

COMMENCEMENT TIMELINE

1838 Brown's Schoolhouse is founded in Randolph County as a one room school

1839 The school adopts the name Union Institute

1851 Union Institute becomes Normal College

1853 The first students graduate from Normal College in a class of two—brothers Lemuel and Dougan Johnson

←..... **1859** Normal College becomes Trinity College after partnering with the Methodist Church

1877 First master's degrees issued

←..... **1878** Mary, Theresa, and Persis Giles earn> bachelors degrees, becoming the first women graduates of Trinity College

←..... **1892** The last commencement held in Randolph County before the school's move to Durham (to the land that forms present day East Campus)

1902 Use of Latin Honors begins

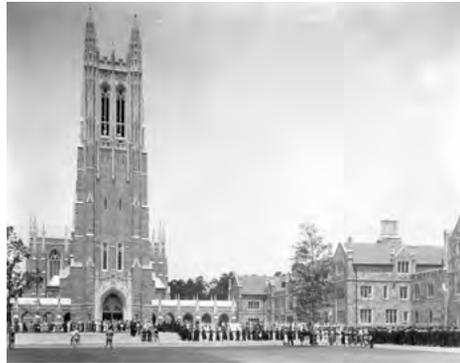

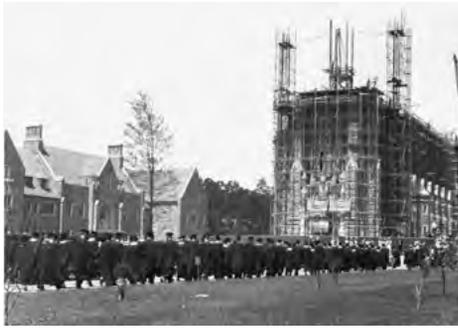

1908 Washington Duke statue is unveiled at commencement

1925 First graduates of the newly created Duke University get their diplomas (Trinity remained the name of the College of Arts and Sciences)

1927 First divinity degree (B.D.) granted

←..... **1928** First Ph.D. degrees granted
The cornerstone of West Campus is laid by Doris Duke as part of commencement

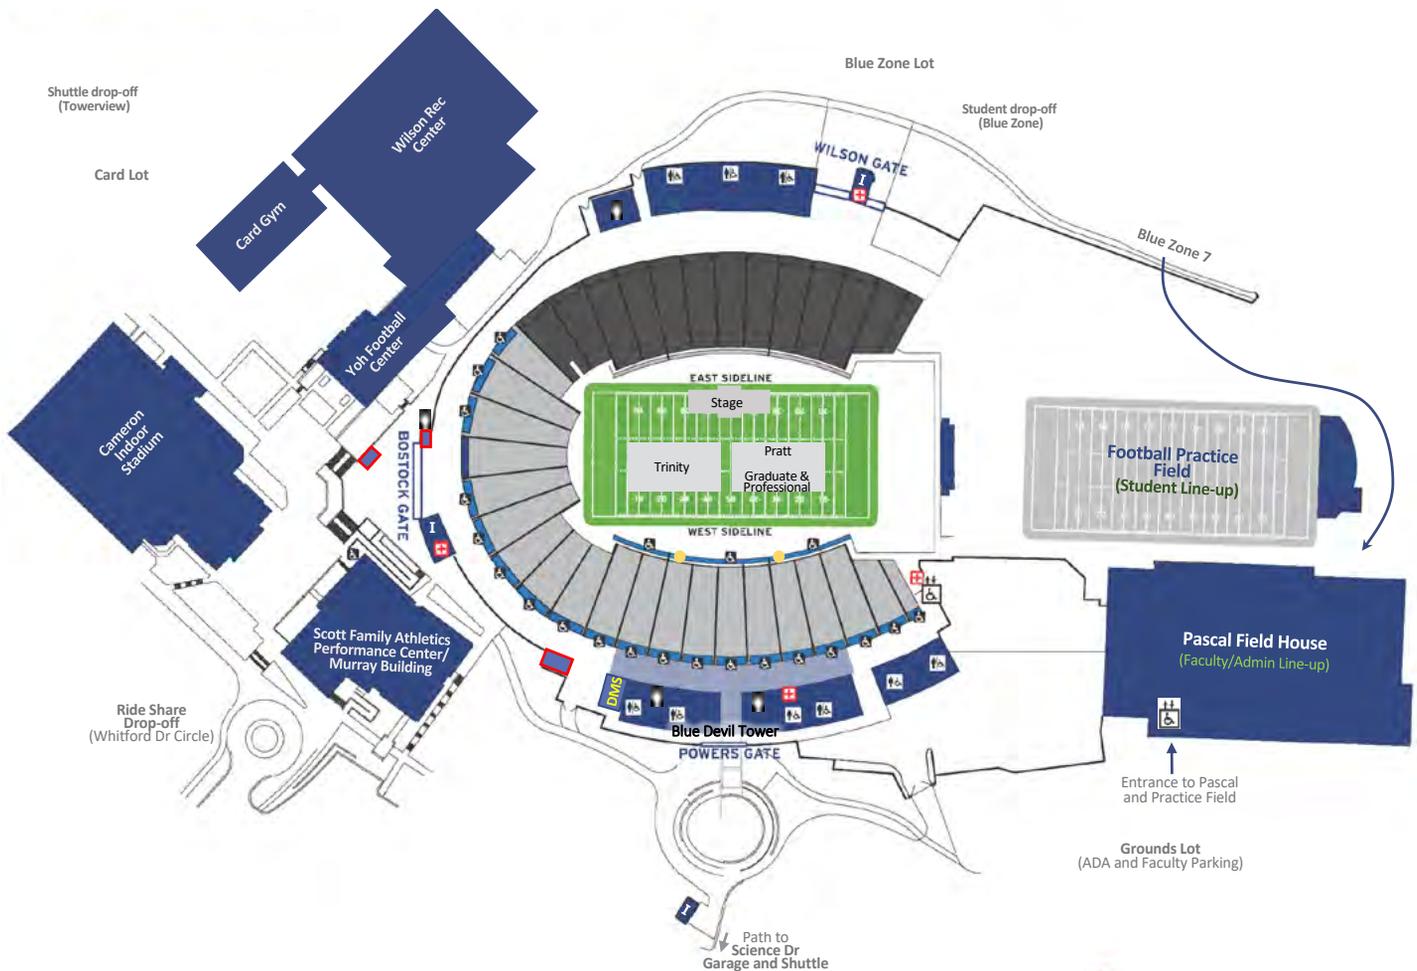

- 1929** First law degree (LL.B.) granted
- 1931** Commencement is held on West Campus for the first time, in Page Auditorium
- 1932** First M.D. granted
The inaugural Chapel organ and carillon recitals are held
- 1933** First B.S. in Engineering granted
- 1935** The James B. Duke statue on West Campus is unveiled
- 1936** First B.S. in Nursing granted
- 1939** First Master of Forestry granted
The School of Forestry later became the Nicholas School of the Environment
- 1940** First commencement held in the new Indoor Stadium (now Cameron Indoor Stadium)
- 1967** Wilhelmina Reuben-Cooke, Nathaniel White, Jr, and Mary Mitchell Harris are the first black undergraduates to receive degrees
- 1970** Kenneth Vickery serves as the first student commencement speaker
- 1971** Nancy Hanks, Chair of the National Endowment for the Arts, is the first female commencement speaker
- 1972** First M.B.A. granted
- 1979** In a ceremony at Wallace Wade Stadium, students unfurl a banner above the commencement dais reading GO TO HELL CAROLINA
- 1997** President Jimmy Carter serves as the Commencement speaker
- 1998** President George H. W. Bush serves as the Commencement speaker
- 2009** Oprah Winfrey serves as Commencement speaker
- 2015** Commencement is held in the Durham Bulls Athletic Park due to renovations of the Wallace Wade Stadium

2022 DUKE UNIVERSITY COMMENCEMENT

BROOKS FIELD AT WALLACE WADE STADIUM

-  First Aid/EMS
-  Restrooms
-  Elevator Access to Field Level
-  Accessible Seating and Path
-  Concessions (water only)
-  Information Booths
-  ASL Interpreters
-  Cooling Tents

A Note About the Program

The lists of candidates appearing in this program are not officially certified lists of graduates. Certification must come from the Registrar of the University.

The water provided for this event is compliments of the Duke Stores.
